St Andrew's Church

(82 Kent Street, near Parliament Hill)

Join us to reflect on the role of faith in the public square, the role of churches in the voluntary sector, and to dialogue on the issues of the day - particularly those that will be addressed during the G8 G20 Summits in Canada in June and the parallel InterFaith Leaders Summit organized by the 2010 Interfaith Partnership in Winnipeg on June 21-23.

Join us for a session of listening and learning, dialogue and debate on faith and the public square.
